

Saratoga LASER Technical Data Sheet

Saratoga Laser is a fast loosener with waterrepelling, lubricating and antioxidant power.

APPLICATION FIELDS

Saratoga LASER melts rust, encrustations and saltiness, loosening very quickly the nuts, screws, bolts, hinges, bearings, locks, connections. It does not corrode metals, varnishes or rubber. Eliminates humidity from electric circuits; lubricates and protects from corrosion and oxidation. The special "All positions" valve allows to use the can in any position.

APPLICATION

- Spray directly on the part to loosen.
- Leave the fluid penetrating.
- Unbolt.

Specific data	
Appearance	Straw oil
Density	0,77-0,79
Dry residue at 110°C	72-75%
Can emptying	Complete
Pressure at 20°C BAR	2.8-3
Flash point	40°C

STORAGE AND SHELF LIFE

Between +20 and +25°C its shelf life is 24 months since manufacturing date.

CAUTIONS

Keep out of the reach of children.

Consult Material Safety Data Sheet for full list of hazards and the directions on the product label itself.
