

Saratoga Happy Color Inox 18/10

Saratoga Happy Color Inox 18/10, formulated with acrylic resins and AISI 316 micronized stainless steel, is the anticorrosive spray covering for the heaviest uses. It creates a metallic covering which is highly resistant to corrosion caused by atmospheric agents, scratches and abrasions.

APPLICATION FIELDS

Saratoga Happy Color Inox 18/10 can be used on any kind of metal and porous plastics. It is used for finishings and touch-ups on railings, barred windows, gates, garages, roll up shutters, welded joints, pumps, tanks, pylons and pipes.

APPLICATION

- All surfaces must be dust free, dry and degreased .
- Apply a masking tape on the parts that won't be treated.
- Shake can until hearing for a minute the sound of the marbles inside the can.
- Apply several slight crossed coats, from 30 cm distance.
- With self-cleaning valve: when finished, clean the valve turning around the can and pressing till comes out only the gas from the can, without any varnish.

Clean varnish with Acetone and/or Nitro Diluent.

Specific data
